Exercise Class Description

20/20/20: This class is broken down into sections of 20 minutes aerobics, 20 minutes toning and 20 minutes core; making sure we cover all aspects to reach your fitness goal.

ADULT SWIMFIT: A swim training fitness class designed to increase and improve muscle tone, cardiovascular capability and swimming technique.

AQUA: A water-based aerobic workout designed to take the pressure off the body's joints and give an all over body workout. Suitable for all ages.

BOOT CAMP: Using a mixture of body weight and weighted exercises designed to take you to your limit, in a friendly and enjoyable environment. All abilities welcome.

COMBAT: The empowering group fitness cardio workout that is highly energetic and inspired by martial arts such as karate, boxing and Taekwondo to help you burn through the calories and boost your fitness.

CORE CONDITIONING: A 30 min effective core class using mats, weights and fitness balls.

CORE DE FORCE: Workouts are broken into 3-min "rounds" – just like a real boxing match. For 3 minutes, you will attack boxing, kick-boxing and Muay Thai combinations. There will be body weight moves and a fat blasting cardio spike in every round.

DANCEFIT: Dance to hypnotic musical rhythms and Latin beats with tantalising moves to create a dynamic workout system designed to be a FUN and EASY TO DO class.

DANCEFIT GOLD: The lower impact, easy to follow Latin inspired dance fitness party that keeps you in the groove of life.

FIT BALL CONDITIONING: Using a fitball, we will take you through a full body workout hitting every muscle group whilst engaging and stabilising your core.

GYMSTICK: An all over workout combining cardiovascular exercise, muscular endurance and flexibility training. All abilities welcome.

KETTLEBELLS: This is a different kind of weight training because many different parts of the body are being worked simultaneously. This creates a more effective muscle building, fat burning workout.

LBT HIIT: Bringing all your usual legs, bums and tums moves into a high intensity interval class. Ideal for those wanting to attack the lower body and abs.

LEGS, BUMS AND TUMS: A low impact conditioning class concentrating on common problem areas. All abilities welcome.

LES MILLS BODY ATTACK: BODYATTACK™ is a high-energy fitness class with moves that cater for total beginners to total addicts. We combine athletic movements like running, lunging and jumping with strength exercises such as push-ups and squats. A LES MILLS™ instructor will pump out energizing tunes and lead you through the workout – challenging your limits in a good way, burning up to 730 calories and leaving you with a sense of achievement.

LES MILLS GRIT: LES MILLS GRIT™ Strength is a 30-minute high-intensity interval training (HIIT) workout, designed to improve strength and build lean muscle. This workout uses barbell, weight plate and body weight exercises to blast all major muscle groups. LES MILLS GRIT Strength takes cutting edge HIIT and combines it with powerful music and inspirational coaches who will be down on the floor with you, motivating you to go harder to get fit, fast.

PILATES: This class is designed to improve core strength, flexibility, agility and economy of motion.

PIYO™: A Pilates and Yoga inspired workout that combines the muscle sculpting, core firming benefits of Pilates with the strength and flexibility advantages of Yoga. This low impact class has a bit more speed to it than traditional Yoga or Pilates for extra fat burning effects!

POLE FITNESS: This is a fantastic way to build strength, develop co-ordination and cardiovascular stamina, tone your muscles and burn lots of calories!

POWER SPIN: 30 minute high intensity cycle class with minimal rest, maximising the time spent on the bike.

PURE STRETCH: Improve your flexibility, increase your core strength and get rid of those aches and pains caused through tight muscles.

PUMP: Utilising barbells and weight plates. Pump fx provides a progressive, complete body workout to the latest and greatest in chart and club anthems.

SENCIO CYCLE: A low impact, motivating and fun class on the bike. A great workout for all fitness levels, burning lots of calories. All abilities welcome.

SENCIO CYCLE & CORE: All the benefits of Sencio Cycling with some core exercises at the end. All abilities welcome.
